

Career Opportunities

What is Career Opportunities?

- Functions as a valuable employee resource to local employers.
- Helps match individual's skills to employer's needs.
- Each individual has different career goals with different levels of education or prior work experience.
- Provides support needed to obtain and maintain employment.
- Assists people with vocational barriers developing the skills necessary for successful employment.

What are the benefits to an employer?

- Most employers estimate that recruiting people from Career Opportunities saves them approximately six hours of interviewing and pre-screening time per person hired!
- Reduced Turn-Over Rate
- Tax Incentives
- Education and Training
- Wage Reimbursements
- Follow up Services

Individuals involved with Career Opportunities are hired directly by you.

Can they (and your business) benefit from our services?

YES! Career Opportunities provides the training needed for an individual to meet employer expectations.

Tax Credit Incentives for Employers

- *Work Opportunity Tax Credit:* Employer receives federal tax credit for the first year of employment.
- *Workers Employment Tax Credit:* Employer receives state tax credit the second year of employment.

What do our Employment Specialists do?

- Pre-screen applicants for specific job matches
- Assist with applications, resume needs, and interviews
- Provide on-the-job training to your specifications
- Be available to answer your questions on site
- Register with the Department of Labor and other employment services.
